

Adopt an Angel Family For the Holidays!

While all the families Domus supports struggle financially, some are going through a very rough patch, like a job loss, health issue, or other trauma that makes providing holiday gifts for their children profoundly stressful or simply impossible. **Together, we lift that burden.**

HOW IT WORKS:

You express interest, and we do our best to match you to a family you're looking for. You get the family's story, a list of all the kids in the family with ages and other "get to know you" info plus their wants and needs; parents also list their needs. You shop to get as much on the list as possible, then deliver it to Domus (wrapped or unwrapped). All gifts should be labeled with the family member's name, and all gifts in larger bags or boxes should have the *family number* (found at top of info sheet) on them.

FAQs:

- ♥ To protect the dignity of the parents, we do not have donors meet the family.
- ♥ Yes, some things on the "want" list are expensive: They are kids... children who see the same advertising every other kid sees. It's normal for them to want nice things :)
- ♥ We ask you to provide a balance of "want" and "need" items.
- ♥ To adopt a small family, donors spend at least \$750. Many donors spend between \$1,000 and \$2,500 (depending on family size) to make this holiday unforgettable. If this doesn't work for your budget, please consider donating to buy gifts for our Holiday Mall.

We believe all families deserve a happy holiday filled with gifts that inspire them and make them smile.

DEADLINE:

Domus needs all gifts in hand at our 83 Lockwood Avenue site (East Side of Stamford) by Thursday, December 21st at 5pm (though earlier is better!). Please get buzzed in through the front of the building on Lockwood Avenue.

Email Melissa (mbramble@domuskids.org) or text (203.219.1617) with any questions.
THANKS ♥ for the joy and love you bring.
